

Questions to Ask Current Students

Here are a few questions you might ask current students:

- * What do you like best (least) about this college?
- * How is the social life? What do students do during the week and weekends?
How do they have fun?
- * Where do students live? What are those places like? Which are the best living arrangements?
- * How are the support services on campus (academic advising, internship or career counseling, health and psych services)?
- * How accessible are instructors to undergraduate students?

- * What are some of the best and worst classes and who are some of the best and worst professors?
- * What kind of students are most compatible with this college's academic and social environment?
- * Why did you decide to attend this college?
- * If you had to do it all over again, would you choose this college?
If no, where would you go?
